WELCOME TO EDWARD MILNE COMMUNITY SCHOOL

About Edward Milne Community School:

Principal: Mr. Bobbitt

Vice Principals: Ms. Phillips (A-L) and Mr. Perren (M-Z)

EMCS is a secondary school in School District 62 (Sooke). We are located on the southern tip of Vancouver Island and have approximately 775 students. Our students come from Sooke and the surrounding area, including the communities of East Sooke, Jordan River, Shirley and Port Renfrew. The total population of this region is about 10,000 people.

EMCS has many features including a 350-seat theatre, an excellent full-service cafeteria, and a beautiful indoor and outdoor setting. This, along with our broad range of course offerings and professional staff, will make your experience here memorable and meaningful. EMCS is a great place to build a solid foundation for your future.

The fact that Edward Milne is a community school means that it is more closely connected to the community than many other schools. Our community school coordinator and staff develop an extensive selection of evening courses for members of the community as well as our own students to take. In addition, we frequently participate with community groups and individuals to plan and produce combined school and community events such as health and career fairs, musical and theatre productions, athletic and cultural events. It is a very productive blend of talents, expertise and enthusiasm that has provided EMCS with a broad spectrum of opportunities.

CONSENT PORTAL

Parents visit the special consent portal at <https://consent.sd62.bc.ca>

The screenshot shows the registration interface for the Sooke School District Online Consent Forms. At the top left is the Sooke School District logo with the tagline "Shaping Tomorrow Today". At the top right, it says "Sooke School District Online Consent Forms". The main content area is a light gray box with the following text: "In order to ensure the privacy of your child's information, please provide an e-mail address that we can use to confirm your identity. You will be able to use your e-mail address to return to this page at a later time to review your online consents for Sooke School District. If you have already registered an e-mail address with Sooke School district, please enter that e-mail address here." Below this text is a label "E-mail Address:" followed by a white text input field. At the bottom left of the gray box is a blue button labeled "Next".

- Parents can only use the system if they have an email address on record at the school. This means that you need to ensure that the office has your correct email address.
- You will be sent an email with a confirmation code. Enter the code and complete the consent choices listed below:
- If there are numerous siblings in the family, once you have logged on, you will see all of them.
- New accounts take 24 hours/overnight to be created.

Here are the consents that are available to be completed online:

- General Consent for School Fieldtrips/Activities
- Google Apps for Education GAFE (please see the special section on GAFE consents, below)
- Internet Access Consent
- Media Consent
- Na'tsa'maht Indigenous Education
- School Cash Online Consent
- Web-based Applications General Consent
- My Blueprint Consent
- Test Consent

Expiry of Consents

- Some consents (namely GAFE) expire once a student leaves the district and/or graduates.
- Some consents last one school year.

- The system tracks the expiry of these consents. To renew a consent year to year (for Internet access, as an example) a parent simply reconnects to the system next school year. The system will note that the consent has expired and will give parents an opportunity to renew their permission.

Special Consideration – GAFE Consents

- Parents provide consent for their child(ren) to have a SD62 learns Google Accounts by going online to the same website as above: <https://consent.sd62.bc.ca>
- GAFE has a two-tiered consent system in our district. Both parents and students must provide their consents.
- In order for a student to follow these steps, **the parent must have first** given their consent at the URL given above.
 - o If a student tries to give consent BEFORE the parent, the system will tell them they can't proceed until the parent consent has been collected.
- Once parental consent has been received, a student can visit the library learning commons to have their Google Account created or they can complete the following steps from home:
 - o Students visit the special consent portal at <https://gafe.sd62.bc.ca>
 - o Students login with their SD62 username = Pupil number/Student number and password = 123456
 - o Write down the new Google account login. (e.g., ab1234@sd62learns.org)
 - o The Google Account format is Initial of first name, Initial of last name, last four numbers of the pupil number)
 - o The system will tell them what their new username will be (it takes a day to come into effect)
